# Cultural Diversity in Education

CURRICULUM		ABOUT PROGRAM	
<b>1 SEMESTER</b>	<ul style="list-style-type: none"> <li>• Current Issues in Education, 3 CP</li> <li>• Fundamentals of Educational Research, 3 CP</li> <li>• Intercultural Communication in Education, 4 CP</li> <li>• Polyethnicity in Russian Culture, 4 CP</li> <li>• History of Education, 4 CP</li> <li>• Professional Foreign Language, 2 CP</li> <li>• Globalization and Education, 4 CP</li> <li>• Creativity and Education, 4 CP</li> <li>• Grant Writing in Education, 4 CP</li> <li>• Scientific Research Work, 9 CP</li> </ul>	<b>GENERAL INFORMATION</b>	<b>COMPETENCIES</b>
<b>2 SEMESTER</b>	<ul style="list-style-type: none"> <li>• Quantitative Research Techniques in Education, 3 CP</li> <li>• ICT in Science and Teaching, 3 CP</li> <li>• Professional Foreign Language, 2 CP</li> <li>• Philosophical Foundations of Education in Russia, 4 CP</li> <li>• Cultural Anthropology and Multiethnic Studies in Education, 3 CP</li> <li>• Curriculum Development in Effective Teaching Diversity, 4 CP</li> <li>• Culture and Ethnicity in the Mass Media, 3 CP</li> <li>• Scientific Research Work, 7 CP</li> <li>• Scientific Research Seminar "Philosophical, Culturological and Pedagogical Studies, 2 CP</li> </ul>	<p>The program «Cultural Diversity in Education» is committed to identifying, educating, and placing highly qualified teacher-leaders in the educational environment. The program is designed for graduates with a BA in Education and in other disciplines, practicing teachers, faculty members, administrators and principals who teach and lead both in culturally homogeneous environments and in culturally diverse classrooms, schools, groups, teams and communities. The program is focused on multicultural, social, political, philosophical and religious problems in multinational groups.</p>	<p>After completing the program "Cultural Diversity in Education", the student should attain:</p> <ul style="list-style-type: none"> <li>• knowledge, tools and dispositions to effectively facilitate diverse classrooms, schools, and communities;</li> <li>• ability to understand and identify differences in approaches to learning and performance, including different learning styles and ways in which students demonstrate learning;</li> <li>• understanding how students' learning is influenced by individual experiences, talents, gender, culture, family and community values;</li> <li>• ability to promote positive relationships among teachers, students, and parents in order to maximize student achievement.</li> </ul>
<b>3 SEMESTER</b>	<ul style="list-style-type: none"> <li>• Tolerance and Education, 4 CP</li> <li>• Management in Education, 4 CP</li> <li>• Structure and Reform of Education Comparative Studies, 4 CP</li> <li>• Cultural Anthropology and Multiethnic Studies in Education, 4 CP</li> <li>• Management in Education: comparative studies, 4 CP</li> <li>• Structure and Reform of Education. Comparative Studies, 4 CP</li> <li>• Ethnology, 5 CP</li> <li>• Adult Teaching and Learning, 5 CP</li> <li>• Foundations of Pedagogics and Adult Teaching, 5 CP</li> <li>• Scientific Research Work, 4 CP</li> <li>• Scientific Research Seminar "Philosophical, Culturological and Pedagogical Studies, 1 CP</li> </ul>	<b>PROGRAM GOALS</b>	<b>IMPORTANT INFORMATION</b>
<b>4 SEMESTER</b>	<ul style="list-style-type: none"> <li>• Industrial (scientific pedagogical) Practice, 21 CP</li> <li>• Industrial (pre-graduation) Practice, 6 CP</li> <li>• Final State Attestation, 6 CP</li> </ul>	<ul style="list-style-type: none"> <li>• To meet the growing demand by educators for the theoretical knowledge and practical skills needed to address and embrace cultural diversity.</li> <li>• To provide an opportunity to raise cultural awareness and intercultural competence through tolerance, sensitivity, understanding, and learning.</li> <li>• Students will be taught creative strategies and basic techniques for dealing effectively with cultural diversity in their classrooms, schools, and communities.</li> </ul>	<p><b>Admission requirements:</b> The minimum graduate admission requirement is an appropriate bachelor's degree, or its equivalent. Admission decisions are based on departmental review, using a combination of factors, including academic degrees and records, the statement of purpose, test scores, and relevant work experience.</p> <p><b>Program start date:</b> September 1</p> <p><b>Duration:</b> 2 years</p> <p><b>Credit points:</b> 120</p> <p><b>Qualification:</b> Master</p> <p><b>Program cost:</b> 148 000 RUB. per year</p>
		<b>PROGRAM ADVANTAGES</b>	
		<ol style="list-style-type: none"> <li>1. This program is an ideal choice for those who seek to prepare for the unique challenges and opportunities of teaching in multicultural classrooms;</li> <li>2. The program is based on innovative original methods and materials of highly experienced faculty;</li> <li>3. Teachers are the highly qualified specialists in the International education.</li> <li>4. The program can serve as an interim step if one subsequently pursues a Ph.D. in in different educational environments.</li> <li>5. Opportunity to raise cultural awareness and intercultural competence.</li> </ol>

## INFORMATION ABOUT THE PROGRAM

### Master's Degree Program in English **CULTURAL DIVERSITY IN EDUCATION**

#### FIELD OF STUDY: PEDAGOGICAL EDUCATION

## ABOUT THE UNIVERSITY

Far Eastern Federal University (FEFU) is a unique intellectual community. Based at a campus with world-class infrastructure, our faculty provide innovative educational and research opportunities. FEFU is a gathering place for scientific communication between Russian and international experts, and is an active participant in both socio-economic and cultural development of the Russian Far East. The University's location and personnel offer unique opportunities for collaboration with leading research, education and innovative centers across the Asia-Pacific region, where FEFU has established itself as a global leader in science and innovation.

FEFU is comprised of nine schools, providing a choice of over 150 educational programs in promising areas of technological development, overseen by faculty and staff capable of implementing large-scale projects important to the region's economy.

CURRICULUM	ABOUT PROGRAM	
<p><b>1 SEMESTER</b></p> <ul style="list-style-type: none"> <li>• Philosophic Problems of Science and Engineering, 2 CP</li> <li>• Mathematical Modelling, 3 CP</li> <li>• Special Sections of Higher Mathematics, 3 CP</li> <li>• Offshore and Coastal Engineering, 5 CP</li> <li>• Mechanics of Materials, 4 CP</li> <li>• Business Foreign Language, 1 CP</li> <li>• Applied Geotechnics, 2 CP</li> <li>• Scientific Research Work, 7 CP</li> </ul>	<p><b>GENERAL INFORMATION</b></p> <p>The two-year Master of Science program in Offshore and Coastal Engineering was designed to meet the growing demand for skilled professionals in the offshore and coastal construction industry. The program consists of general principles and methods that give students the tools to meet and solve challenges on an advanced engineering level, not only inside their area of specialization. Projects and problems in the program are often taken from the offshore industry, and students gain valuable experience due to the School's close contacts with the industry.</p>	<p><b>COMPETENCIES</b></p> <p>The program prepares students to be competent in resource and land use planning, environmental impact assessment, consulting work, teaching, and research, and encourages students to be active members of the global offshore and coastal engineering community. Students gain knowledge of diverse and valuable resources of the coast and the sea, understand current conditions, and gain tools and expertise to drive the sustainable use of marine resources.</p>
<p><b>2 SEMESTER</b></p> <ul style="list-style-type: none"> <li>• Methodology of Scientific Research, 2 CP</li> <li>• Design and Analysis of Experiments, 4 CP</li> <li>• Structural Dynamics, 2 CP</li> <li>• IT in Construction, 3 CP</li> <li>• Business Foreign Language, 1 CP</li> <li>• Offshore &amp; Port Facilities, 2 CP</li> <li>• Reinforced Concrete Structures, 3 CP</li> <li>• Industrial Practice, 3 CP</li> <li>• Research Industrial Practice, 6 CP</li> <li>• Pedagogical Practice, 3 CP</li> <li>• Scientific Research Work, 4 CP</li> </ul>		
<p><b>3 SEMESTER</b></p> <ul style="list-style-type: none"> <li>• Basics of Pedagogics and Adult Teaching, 2 CP</li> <li>• Methods of Scientific and Technical Problems' Solving in Construction, 3 CP</li> <li>• Offshore &amp; Port Facilities, 3 CP</li> <li>• Innovation Management and Risk Management in Construction, 3 CP</li> <li>• Concrete Technology - Advanced Design, 6 CP</li> <li>• Foundation Engineering, 6 CP</li> <li>• Research Practice, 3 CP</li> <li>• Scientific Research Work, 4 CP</li> </ul>	<p><b>PROGRAM GOALS</b></p> <ul style="list-style-type: none"> <li>• to give students a high level of understanding and advanced analytical skills in key areas of offshore and coastal engineering including: exploration of ocean resources, development of infrastructure of offshore oil and gas industry and marine transport;</li> <li>• to satisfy students' personal needs in qualified professional education on the basis of common cultural and professional competences including Federal State Educational Standards and requirements of job offers.</li> </ul>	<p><b>IMPORTANT INFORMATION</b></p> <p><b>Admission requirements:</b> applicants must have bachelor's (specialist's) degree in the same or related major; preference will be given to bachelors (specialists) in civil and marine engineering.</p> <p><b>Program start date:</b> September 1</p> <p><b>Duration:</b> 2 years</p> <p><b>Credit points:</b> 120</p> <p><b>Qualification:</b> Master</p> <p><b>Program cost:</b> 101 000 RUB. per year</p>
<p><b>4 SEMESTER</b></p> <ul style="list-style-type: none"> <li>• Preparation and Defense of a Thesis, 3 CP</li> <li>• Scientific Research Work, 27 CP</li> </ul>	<p><b>PROGRAM ADVANTAGES</b></p> <p>1. This cross-disciplinary program prepares students to work in port and harbor facilities, offshore and coastal engineering industry. The program also introduces students with risk and innovation management, work in arctic areas, characteristics of concrete structures, etc.</p> <p>2. Career opportunities lie broadly across the whole spectrum of the offshore and coastal fields all over the world. Future employers may include industry, governmental organizations, academic institutions and research institutes.</p>

## ABOUT THE UNIVERSITY

Far Eastern Federal University (FEFU) is a unique intellectual community. Based at a campus with world-class infrastructure, our faculty provide innovative educational and research opportunities. FEFU is a gathering place for scientific communication between Russian and international experts, and is an active participant in both socio-economic and cultural development of the Russian Far East. The University's location and personnel offer unique opportunities for collaboration with leading research, education and innovative centers across the Asia-Pacific region, where FEFU has established itself as a global leader in science and innovation.

FEFU is comprised of nine schools, providing a choice of over 150 educational programs in promising areas of technological development, overseen by faculty and staff capable of implementing large-scale projects important to the region's economy.

CURRICULUM	ABOUT PROGRAM	
<p><b>1 SEMESTER</b></p> <ul style="list-style-type: none"> <li>• Statistics for Managerial Decisions, 3 CP</li> <li>• Introduction to Graduate Research Skills, 3 CP</li> <li>• Managerial Economics, 5 CP</li> <li>• Management in the Global Environment, 4 CP</li> <li>• Academic Writing for Graduate Students, 5 CP</li> <li>• Scientific Research Work, 6 CP</li> </ul>	<p><b>GENERAL INFORMATION</b></p> <p>The Master of Science in Project Management is a professional qualification, providing students with an educational platform for a career in project management. While building the skills, tools, and techniques required for monitoring and tracking project costs and time-schedules, students develop the ability to manage the project resources and communication skills necessary to successfully complete a project. The Master of Science in Project Management (MSPMP) is thus ideal for professionals who want to enhance their ability to execute complex projects, motivate people, and achieve cost-effective results. All the teaching is carried out exclusively in English.</p>	<p><b>COMPETENCIES</b></p> <p>Graduates of the MSPMP are expected to be able to:</p> <ul style="list-style-type: none"> <li>• Plan project effectively and successfully, taking into consideration the quadruple constraints of time, cost, resources and specifications;</li> <li>• Demonstrate an understanding of effective, ethical leadership strategies and skills;</li> <li>• Utilize analytical and critical thinking skills in order to synthesize, evaluate and integrate concepts and knowledge for effective decision analysis and problem solving;</li> <li>• Communicate information professionally;</li> <li>• Work effectively as problem-solving team members;</li> <li>• Develop from the basic project plan a work-breakdown structure to the lowest granularity permitted by cost;</li> <li>• Determine and calculate project risks according to classical risk analysis;</li> <li>• Plan and manage contractual purchasing issues, including, procurement and supply, outsourcing and just-in-time business.</li> </ul>
<p><b>2 SEMESTER</b></p> <ul style="list-style-type: none"> <li>• Financial Management, 3 CP</li> <li>• Corporate Governance, 3 CP</li> <li>• Research Methods in Management, 3 CP</li> <li>• Strategic Analysis, 4 CP</li> <li>• Organizational Behavior, 3 CP</li> <li>• Corporate Finance, 3 CP</li> <li>• Foundations of Project Management, 3 CP</li> <li>• Innovation Management, 3 CP</li> <li>• Strategic Management, 3 CP</li> <li>• Organizational-managerial Practice, 3 CP</li> <li>• Scientific Research Seminar "Innovative Entrepreneurship and Project Management Problems", 3 CP</li> </ul>	<p><b>PROGRAM GOALS</b></p> <p>The goal of the MSPMP is to produce qualified graduates who have the fundamental methodologies, modeling and analysis skills for the design, implementation and leading of the projects across a wide range of fields such as infrastructure, mining, manufacturing, IT, finance, law and various types of consultancy projects, etc.</p>	
<p><b>3 SEMESTER</b></p> <ul style="list-style-type: none"> <li>• Intercultural Communication and Leadership, 3 CP</li> <li>• Risk Project Management, 3 CP</li> <li>• Advanced Methods of Project Management, 3 CP</li> <li>• Quality Project Management, 3 CP</li> <li>• Procurement Management, 3 CP</li> <li>• Communication Management, 3 CP</li> <li>• Financial and Strategic Management of Projects, 3 CP</li> <li>• Pedagogical Practice, 6 CP</li> <li>• Scientific Research Seminar " Practical Skills for Project Managers", 4 CP</li> </ul>	<p><b>PROGRAM ADVANTAGES</b></p> <p>3. MSPMP offers new and unique learning opportunities. 4. Renowned FEFU's and international professors who are leading researchers in their fields teach courses and seminars. 5. The MSPMP prepares graduates for a number of entry-, mid-, and high-level positions, as determined by a student's work experience, such as: Project Manager, Project Director, Senior Team Leader, and Chief Executive Officer.</p>	<p><b>IMPORTANT INFORMATION</b></p> <p><b>Admission requirements:</b> the applicants entering the MSPMP should have an accredited undergraduate degree in engineering, business, economics, math, computer science or other sciences. Minimum GPA requirement is 3.0 (B)</p> <p><b>Program start date:</b> September 1</p> <p><b>Duration:</b> 2 years</p> <p><b>Credit points:</b> 120</p> <p><b>Qualification:</b> Master</p> <p><b>Program cost:</b> 148 000 RUB. per year</p>
<p><b>4 SEMESTER</b></p> <ul style="list-style-type: none"> <li>• Scientific Research Work, 11 CP</li> <li>• Research Practice, 12 CP</li> <li>• Final State Attestation, 6 CP</li> </ul>

## ABOUT THE UNIVERSITY

Far Eastern Federal University (FEFU) is a unique intellectual community. Based at a campus with world-class infrastructure, our faculty provide innovative educational and research opportunities. FEFU is a gathering place for scientific communication between Russian and international experts, and is an active participant in both socio-economic and cultural development of the Russian Far East. The University's location and personnel offer unique opportunities for collaboration with leading research, education and innovative centers across the Asia-Pacific region, where FEFU has established itself as a global leader in science and innovation.

FEFU is comprised of nine schools, providing a choice of over 150 educational programs in promising areas of technological development, overseen by faculty and staff capable of implementing large-scale projects important to the region's economy.
