◪ Program Overview

SPIKE@UNIST offers an intensive 7-week (June 29th- August 18th, 2017) summer program to build an extensive network of talented students from all over the world and explore different cultures and languages, conduct academic researches during summer, 2017.

June 29 ▼ July 26 (4 weeks)	**Summer Courses** Korean Language Globalization and Economy Communication with Korean Culture
July 24 ▼ August 18 (4 weeks)	**Research Internship** 4-week Research Internship
July 1 ▼ July 23	**Weekends** Field Trips and Activities

◪ Summer Course (June 29 - July 26)

Korean Language
(Mandatory, 2 credits)

provides basic knowledge of Korean language. Students can learn basic Korean language expressions or skills by conducting various activities related to Korean society, family, industry, and popular culture.

Globalization and Economy
(Optional, 3 credits)

focuses on economy and culture of the world. By discussing issues on rapid globalization, students can find ways to deal with rapid development of global market and economy.

Communication with Korean Culture
(Optional, 3 credits)

offers overviews on Korean culture and society. Students are grouped to discuss interesting topics of Korean culture.

* Each student can earn up to 8 credits.
* Course names, and dates are tentative and subject to change.
* students can transfer credits after receiving credit approval from home institution.

◪ Research Internship (July 24 - August 18)

Research Internship is designed to explore students' interests in science and technology for 4 weeks.
To find details on specific research areas, click 'search button' on the research internship application from SPIKE website (http://spike.unist.ac.kr)

○ Eligibility: 3rd and 4th year undergraduates with proper GPA from any university are elligible for the internship.

* Internship period can be varied to 7 weeks by UNIST faculty's approval.

* All participants of the research internship are eligible for a stipend of up to KRW 800,000 (approx. USD 800) for 4 weeks.

◪ Field Trip (Weekends)

Various cultural activities, sports activities, and tours are scheduled during first four weekends. Some activities may be carried out on weekdays.

Temple Stay

Traditional music performance

Industry Tour

Mud Festival

Korean Culture experience

City Tour

* Field trip activity may be subject to change.
